**4) To approve the minutes of the planning meeting of 8<sup>th</sup> April 2021**

Last sentence does not reference latest legislation and should be removed. Minutes proposed and seconded as a true record with this correction, to be signed by the Chair at next possible opportunity.

**5) BT Phone Box on Upper Green: to consider response to the "adopt a kiosk scheme" being run by BT**

The BT Phone Box on Upper Green is a grade two listed "property" and is currently owned and maintained by BT. When the recently installed mobile mast is active, there will be no incentive for BT to maintain the landline service at the phone box. Attendees considered the benefit of the Parish Council adopting the phone box and maintaining it to the same standard as that on Lower Green against the possible costs and responsibility of complying with the Listed status requirements.

Attendees were in agreement that Phone Box is a part of the Green's established physical environment and the terms of the adoption scheme should be investigated. If there is no prohibitive financial commitment then the adoption should be actioned. Clerk to progress.
